

## PRESS RELEASE

### **BESIX RED CONTINUES TO CONCEIVE YOUR PROJECTS OF TOMORROW**

**Together with BESIX Group, BESIX RED fully supports the measures taken by our government. With the aim of protecting the health of our clients, partners and collaborators by complying with the safety instructions, we continue our activities remotely. BESIX RED stays connected with you, while considering this challenging period as an opportunity to deeply rethink tomorrow's real estate.**

With regard to the COVID-19 situation BESIX RED has adapted itself. Besides reinventing ourselves and strengthening our operational process internally; new technologies and digital meeting tools will enable us to continue to meet our clients' needs and expectations.

#### **We continue to conceive your projects of tomorrow**

BESIX RED continues its activities. In this particular context, we have organized our teams in order to stay as close as possible to our clients and partners:

- Our collaborators work from home and remain strongly active and at your disposal.
- All our teams can be reached via mobile phone, e-mail or digital tools (as [TEAMS](#), [ZOOM](#), [WHATSAPP](#) etc.) ; which will ensure the continuation of all our meetings.
- Site visits are cancelled or limited to what is strictly necessary. This, for your main health and safety. Within the team and in consultation with clients and BESIX's contractors, each project manager will examine the best way to satisfy your needs and requests.

In addition to these adjustments, we stay actively available for our clients (B2B as well as B2C) through **private conference calls**. In collaboration with our brokers we organize digital meetings during which we provide you with detailed information and advise you with respect to your real estate decisions.

**TOGETHER WE CARE, TOGETHER WE THINK POSITIVE,  
TOGETHER WE WILL BE STRONGER TO MAKE IT HAPPEN!**

#### **BESIX RED 2.0**

We are currently going through exceptional times together. Unity, Excellence ,Team spirit, Co-creation and Respect,... More than ever, our core values will help us to tackle this difficult situation.

While maintaining the same level of excellence, BESIX RED is deeply rethinking tomorrow's real estate. One which is flexible, innovative and client-centric. Our ability to anticipate and to think forward and, even more, our adaptability to change will definitely help us to come back stronger after these challenging times.
